

JULIUS CAESAR G. LEONARDO

Davao Region, Philippines • leonardojulius.jcl@gmail.com • leonardojulius.github.io

PROFESSIONAL SUMMARY

Results-driven IT professional with extensive experience in web development. Adept at bridging technical and operational functions by leveraging modern tech trends, with a strong foundation in utilizing n8n AI automation for process optimization, workflow enhancement, and cross-functional collaboration.

WORK EXPERIENCE

Clerk Processor B

Feb 2022 – Aug 2024

National Irrigation Administration (NIA) – Region XI | Davao del Sur Irrigation Management Office, Digos City

- Processed and managed administrative documents for the Davao del Sur Irrigation Management Office.
- Coordinated with internal departments and external stakeholders for irrigation-related administrative requirements.
- Maintained accurate records and ensured compliance with government office procedures and protocols.
- Spearheaded web application development initiatives to digitize and streamline internal office workflows.
- Managed server deployment, configuration, and maintenance using Synology NAS systems for secure data storage.
- Provided comprehensive technical support to office personnel, diagnosing hardware, software, and network issues.

Technical Support Staff

Jul 2020 – Jan 2021

Action.Able Inc. (POSIBLE) | Makati City, Philippines

- Provided technical assistance and support to end-users and clients of the POSIBLE platform (Bayad, Bili, Biz, ATBP).
- Diagnosed and resolved technical issues related to payment systems and digital services.
- Collaborated with the Customer Success Group to ensure timely resolution of support tickets.

Quality Assurance Specialist

Oct 2019 – May 2020

Action.Able Inc. (POSIBLE) | Makati City, Philippines

- Conducted quality assurance testing for digital products and services within the Customer Success Group.
- Identified, documented, and tracked software defects through systematic QA processes.
- Collaborated with development and operations teams to ensure product quality standards were met.

Customer Service Representative

Jan 2019 – May 2019

Inspiro Relia Inc. (formerly SPI CRM Inc.) | Quezon City, Philippines

- Delivered front-line customer service support in a fast-paced BPO environment.
- Handled customer inquiries, complaints, and service requests with consistently high satisfaction.
- Maintained high service quality standards and met performance metrics consistently.

Project Web Developer / LMS Moodle Administrator

Jan 2018 – Aug 2018

SERVFLEX, INC. (Assigned at PLDT, INC.) | Bangkal, Makati City, Philippines

- Served as primary Moodle Administrator, managing end-to-end operations of the Learning Management System for PLDT technical training programs.
- Handled user provisioning and account management including bulk enrollments via CSV data uploads.
- Formulated and executed advanced SQL queries for database management and custom training compliance reporting.
- Collaborated with cross-functional teams to meet project timelines and technical requirements.

Graphics Operator

May 2013 – Jan 2014

Nakayama Technology Corporation (NTC) | Digos City, Davao del Sur, Philippines

- Worked under the Information and Communication Technology Department as a Graphics Operator.
- Created and managed graphic design materials in support of NTC's operations and communications.
- Utilized design software tools to produce visual content aligned with company standards.
